GMB Curtains & Blinds

Website content review and improvement checklist

Website: https://gmbcurtainsandblinds.com.au/

Prepared 4 November 2026

Scope: This report summarises the feedback discussed in chat, based on retrieved homepage, curtains, gallery and quote-page content. Desktop/mobile appearance, speed and form operation were not verified. Some secondary-page content was cached; confirm wording on the live website before editing.

1. Main issues

• The opening headline is too generic and does not clearly explain why customers should choose GMB.

• Product descriptions use repetitive promotional language instead of useful information about fabrics, privacy, light control and installation.

• Enquiry buttons use inconsistent wording: Get quote, Book appointment and Enquire now.

• Quote turnaround times contradict each other.

• Some product descriptions contain information about the wrong product.

• Capitalisation, grammar and spelling need proofreading across the website.

• The enquiry form could be shorter and easier to complete.

• GMB's strengths - local manufacturing, family ownership and personalised service - should appear earlier.

• Add clearer product comparisons, installation information and answers to common customer questions.

Fix first

Correct the wrong product description and quote-time contradiction, then standardise business facts, spelling and enquiry buttons.

2. Specific content mistakes

Current wording	Issue / suggested correction
Quotation in 24 Hours / Within just 12 hours	Conflicting promise. Confirm the actual timeframe and use it consistently.
Pinch Pleat Curtains description discusses Vertical blinds	Wrong product information. Replace with an accurate description of pinch pleat curtains.
eXPLORE plantation shutters	Capitalisation: Explore Plantation Shutters.
off course style	Incorrect word: of course, style. The full description also needs replacing because it discusses the wrong product.
Once your build is near competition	Incorrect word: Once your build is near completion.
all windows furnishing needs	Grammar: all your window furnishing needs.
each of our customers needs	Possessive apostrophe: each customer's needs.
curtains, sheers, blinds, curtains...	Repeated product: remove the second curtains.
making windows covering fabulous	Grammar: Creating beautiful window furnishings.

Business history requires confirmation

Retrieved pages mention both 2010 and 2015 as the start year. Some secondary pages were older cached versions. Confirm the correct year and check the current live pages before changing it.

3. Additional wording improvements
